

World Health
Organization

Dear Charles,

It is my pleasure to welcome World Health Alliance International as a participant to the International Network to Promote Household Water Treatment and Safe Storage (the Network). We will add in due course your company's name to the list of collaborating organizations maintained at the Network website at

http://www.who.int/household_water/network/participants/en/index.html

We will also add your email address to our mailing list so that you can regularly receive updates and other information about the activities of the Network.

We look forward to sharing information and experiences on household treatment and safe storage of drinking water with a view of reducing waterborne diseases around the world.

We wish you the best on your continuing work to provide safe water to vulnerable households.

Regards,

Boni
